## INTRODUCTION

The Freedom of Information Act grants to members of the public rights of access to all kinds of recorded information held by a wide range of public authorities. The Act requires every public authority to adopt and maintain a generic model publication scheme and Dallington Parish Council has now adopted the scheme. It is intended to provide everyone interested in the Council with a comprehensive guide to the information that the Council routinely publishes or otherwise makes available to the public.

It is important to note that a publication scheme simply sets out the information that is routinely available. Information that is not referred to in this document can still be requested and it will be made available unless it can be legitimately withheld. This can be done by making a written request to the Parish Clerk.

The Council is committed to openness and accountability and already makes large amounts of information available to the public through its website.

## MODEL PUBLICATION SCHEME

This scheme has been prepared and approved by the Information Commissioner. It may be adopted without modification by any public authority without further approval and will be valid until further notice.

It commits the Council to make information available to the public as part of its normal business activities. The information covered is included in the classes of information mentioned below, where this information is held by the Council.

The scheme commits the Council

- To proactively publish or otherwise make available, as a matter of routine, information which is held by the Council and falls within the classifications below.
- To specify the information which is held by the Council and falls within the classifications below.
- To proactively publish or otherwise make available, as a matter of routine, information in line with the statements contained within this scheme
- To produce and publish the methods by which the specific information is routinely made available, so that it can be easily identified and accessed by members of the public.
- To review and update, on a regular basis, the information the Council makes available under this scheme.
- To produce schedule of fees charged for access to this information.
- To make this publication scheme available to the public.

# DALLINGTON PARISH COUNCIL

The method by which information published under this scheme will be made available below. The Council will indicate clearly to the public what information is covered by this scheme and how it can be obtained.

Most information will be provided on the Council's website. Where it is impracticable to make information available on a website or when an individual does not wish to access the information by the website, the Council will indicate how information can be obtained by other means and provide those means.

In exceptional circumstances, some information may be available only by viewing in person. Where this manner is specified, contact details will be provided. An appointment to view the information will be arranged within a reasonable timescale.

## CHARGES WHICH MAY BE MADE FOR INFORMATION PUBLISHED UNDER THIS SCHEME

The purpose of this scheme is to make the maximum amount of information available at minimum inconvenience and cost to the public. Charges made by the Council for routinely published information will be justified and kept to a minimum.

Material which is published on the Council's website will be provided free of charge.

Charges may be made for actual disbursements incurred such as

- Photocopying.
- Postage and packing.
- Staff costs directly incurred as a result of researching or view information.

If a charge is to be made, confirmation of the payment due will be given before the information is provided. Payment may be requested prior to provision of the information.
