

Dear Mrs Marchant, Parish Clerk

Consultation on proposed District of Rother (Off-Street) Parking Places Order (2019)

Rother District Council would like to invite Dallington Parish Council to take part in our consultation on a new order for our car parks and parking areas in Rother.

There are two main proposed changes. They might affect people who use car parks and parking areas across Rother. The purpose of the consultation is to find out more about any potential impact.

You can read more about our proposals and how to take part in this consultation on our website - www.rother.gov.uk/carparks2019

We would appreciate it if you would spread the word about this consultation to anyone you think might wish to know.

Responses will be reported to the councillors of Rother District Council to help them make a final decision on the proposed new order.

Thank you for your assistance,
