

Dear Customers,

In this very unusual and quite scary time, it is hard to know what is best. We are faced with isolation which is not easily undertaken, especially alone. But we can do this, with a little help from our friends and neighbours.

To help those in need, and who have to isolate, we are always available, please call us 01424 838589 or text/whatsapp 07552427791. We are also online at facebook/netherfieldlocal where we shall update stock supplies regularly and can also be contacted through messenger.

Several of our lovely customers have offered to make deliveries and collections such as shopping, chemist supplies, pet food and they are also extremely good at friendly chats over the phone. If you would like help, or know someone who would benefit, please get in touch and we can provide the help you need. You may have a neighbour who may need help, perhaps ask them if they have any support?

For us, we feel it is important to carry on providing our service, keeping the Shop stocked with necessities, the Cafe open to friendly chats and warm food and the Post Office to keep your affairs in order. We shall continue to do this for as long as we can. If there is anything we can do for you, please let us know and we shall try.

We are very lucky to have local food producers, providing food and drink that has not travelled the planet, is nutritious and may not run out like the supermarkets. Please see overleaf for details. We will keep a small supply in-store and take orders, which is advised, all pre-orders will receive a 10% discount on most produce.

Thank you for using and supporting your local shop, we love and appreciate you.
